### **DETAILED ACTION**

Applicants change in power of attorney to Shmuel Livnat is acknowledged. However, a change in address for corresponding with attorney Shmuel Livnat has not been submitted.

Applicants are requested to file a change of address so that future office actions can be mailed directly to attorney Shmuel Livnat. The instant office action will be mailed to the previous address and should be forwarded to attorney Shmuel Livnat.

### ***Election/Restrictions***

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 1-15 and 26-36, drawn to a method of transplantation of hematopoietic stem cells.

Group II, claims 16-25, drawn to a method of genetically modifying hematopoietic stem cells.

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the methods of group I do not require transfecting

the progenitor hematopoietic stem cells as in the method of Group II. The methods of Group I do not require exogenous DNA or vectors as in Group II. The methods of transplantation in Group I are not required for the method of transfecting stem cells in Group II and the method of transfecting stem cells in Group II is not required for the method of transplantation in Group I. Therefore, the methods are patentably distinct and separate.

3. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

### *Specification*

4. This application contains sequence disclosures that are encompassed by the definitions for nucleotide and/or amino acid sequences set forth in 37 CFR 1.821(a)(1) and (a)(2). However, this application fails to comply with the requirements of 37 CFR 1.821 through 1.825 for the reason(s) set forth on the attached Notice To Comply With Requirements For Patent Applications Containing Nucleotide Sequence And/Or Amino Acid Sequence Disclosures. **The computer readable form (CRF) and sequence listing have not been received.** Applicants must file a "Sequence Listing" accompanied by directions to enter the listing into the specification as an amendment. Applicant also must provide statements regarding sameness and new matter with

regards to the CRF and the "Sequence Listing." Applicant is requested to return a copy of the attached Notice to Comply with the reply. For a response to the instant office action to be considered complete and fully responsive, applicants must completely and accurately comply with the sequence rules and respond to the lack of unity above.
